From Alfred Music : Into the Woods (Vocal Score) before purchasing it in order to gage whether or not it would be worth my time, and all praised Into the Woods (Vocal Score):

Beautifully printed editionBy RonAnnArborThis is the complete vocal score for Into The Woods, perfectly bound and printed -- great for rehearsals or accompanying a soloist with the original arrangement of the score, not the simpliied vocal selections.18 of 18 people found the following review helpful. Into The Woods indeedBy Timothy PhillipsThis is the complete vocal score, minus some dialogue, but that is easily remedied with the libretto that is also available on .com. I compared a few of the songs to audition material i had left over, and they match up on the staff perfectly. I highly recommend it for any theater company that wants to peruse it before deciding whether or not to do it.7 of 7 people found the following review helpful. Great Score - Hard to keep open on a pianoBy TrevorVery complete arrangements of the entire score. However, it does not contain the full

libretto, which would need to be purchased separately. The binding is good on the book, but difficult to play. Would recommend that they release a spiral version of the score or to rebind it yourself.
