**John Fiske : Introduction to Communication Studies (Studies in Culture and Communication) (Volume 1)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Introduction to Communication Studies (Studies in Culture and Communication) (Volume 1):

0 of 0 people found the following review helpful. Five Stars By Nattie Everything ok!

The second edition of this widely used introductory textbook updates the work to take account of developments in the last few years. John Fiske's study equips the reader with a range of methods of analysing examples of communication in our society, together with a critical awareness of the theories underpinning them. The reader will be able to tease out

the latent cultural meanings in such apparently simple communications as news photos or popular TV programmes.

`Shows a welcome ability to provide lucid and balanced summaries of a complex and diverse field.' - British Book News
