**Kantar Edwin B. : Introduction to Defender's Play** before purchasing it in order to gage whether or not it would be worth my time, and all praised Introduction to Defender's Play:

0 of 0 people found the following review helpful. An outstanding, if a bit dated, book on defense. A must-own if you're learning bridge.By Russ PalmeriA wonderful introduction to defense by one of the finest bridge writers. The only reservation is that some of the content is a bit dated. For example, Kantar recommends playing the K from AKx, and the modern treatment is to lead the Ace. It's a small thing, but lead to some tense moments in my last duplicate game! If you are learning to play bridge, you need this book. It's the finest bridge text I've read yet, on a par with Watson's Play of the Hand.0 of 0 people found the following review helpful. OutstandingBy S. GilletteOutstanding guide for a beginning player and I'm sure there's enough content, presented in such a readable fashion, that I'll be going back to it for years.2 of 2 people found the following review helpful. This book is the 1968 edition. Bridge bidding and ...By CharleyThis book is the 1968 edition. Bridge bidding and play has changed a lot since then. The age of the book makes its content much less relevant for today's bridge players. The seller should include more info regarding the book in its description to prevent this type of misunderstanding.Charley

Illustrates in detail the techniques of plane the defenders hand including leads trumping signaling your partner and when to hold up
