**Fred Kern, Phillip Keveren, Mona Rejino, Karen Harrington : Piano Theory Workbook - Book 2: Hal Leonard Student Piano Library** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Piano Theory Workbook - Book 2: Hal Leonard Student Piano Library:

0 of 0 people found the following review helpful. Five Stars By Margie Shirey Great beginning book for beginning piano. Works for children through adult beginners. 0 of 0 people found the following review helpful. Love the set! By Jen F. The Piano Theory book is used by my child's music school. This is the second level we have purchased in the Hal Leonard series and we could not be happier. The books complement each other with every lesson providing

support in both theoretical exercises in reading/writing music and in the progressive presentation of techniques through a variety of easy-to-follow pieces. 0 of 0 people found the following review helpful. Awesome series By H. McKnight I have loved all of the Hal Leonard series. We have the guitar and violin as well. They are well thought out and excellent.

(Educational Piano Library). Hal Leonard Student Piano Library mascots Spike, Party Cat and friends guide the student through fun, creative assignments that introduce the language of music and its symbols for sound, silence, and rhythm. Ear training and basic theory exercises help students learn to write and play the music they are learning as well as the music they create themselves. This book correlates directly to Piano Lessons Book 2.
