I only wish mine was the ONLY extant ...By matthew riskThis book is not only a plunder of knowledge for any mentalist working with a team, but also a piece of history. People in the profession have been boggled by the piddington's techniques for most of a century. They went to the grave without uttering a word, even to their own grandchildren. But mr Hart's grandad was one of their stooges and he inherited a notebook. In it the mentalist will find the secrets of the piddington's unique and enigmatic miracles. What more can i say? Perfect!I only wish mine was the ONLY extant copy.0 of 0 people found the following review helpful.

Five StarsBy CustomerExcellent book.1 of 1 people found the following review helpful. Poorly writtenBy LengrecoSo poorly edited, rife with misspellings, typos and grammatical errors, that it was difficult to read. I had to return it for a refund.

We know how they did it! Finally, the unfathomable mystery behind the world's most baffling telepathy act is revealed after 70 years of silence. Martin T Hart takes us on a fascinating and detailed journey into the lives of 'The Amazing Piddingtons' and the cunning methods that fooled a global generation. To this day no magician or scientist has ever discovered how Sydney was able to transmit his thoughts to his wife Lesley without talking, while blindfolded and at any distance. Includes over 50 photos, diagrams, witness evidence and testimony from those who worked behind the scenes. This is more than a book. This reveal is an event in the history of world magic!
