Sebastien Baczkiewicz : Pilgrim: The Collected Series 1-4: The BBC Radio 4 Fantasy Drama Series before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pilgrim: The Collected Series 1-4: The BBC Radio 4 Fantasy Drama Series:

The first four series of the original BBC Radio 4 fantastical drama series set in a world almost, but not quite, like our own. Paul Hilton stars as William Palmer, the immortal, reluctant, and unthanked hero protecting mankind from an enemy they resist believing in: the Grey Folk. Thrilling, dark, and contemporary, the dramas are set in a recognizable present day, but one haunted by the folktales of the British Isles: drowned villages, changeling children, werewolves, and unruly nature spirits. Duration: 12 hours approx.
