Less Torment to PlayBy Rooster14I have the PC game and have updated it with latest patches. Makes an already great game even better. One of the best I have ever played and the Official Strategy guide is a great read as well as being a big help in planning overall strategy and ensuring a lot of game aspects are not missed in what is a rather complex and involved plot.0 of 0 people found the following review helpful. Great!!!By the great johaniwithout this book you will just plain screw up a lot and in ways that can't be fixed. It tells most everything you need and as a collector it is rare maybe impossible to find anymore as is the game. 10/10!!!!!!
