**Marc Smith, David Bird : Planning the Play in Notrump (Bridge Technique)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Planning the Play in Notrump (Bridge Technique):

0 of 0 people found the following review helpful. There are some good tips in hereBy T. LapinThere are some good tips in here. I have the Kindle edition. However, I find physical books easier to use for this type of material. The Kindle is much less expensive.

Short and full of practical examples, each book in the 'Bridge Technique Series' takes the reader through the most important aspects of card-play technique at bridge. Where appropriate, play is examined from the point of view both of declarer and defenders. Full of quizzes and chapter reviews, these award-winning books will also reinforce the bridge concepts you learn. At this price, what bridge player could stand not to have all twelve?
