Mike Lawrence : Play Bridge with Mike Lawrence before purchasing it in order to gage whether or not it would be worth my time, and all praised Play Bridge with Mike Lawrence:

1 of 1 people found the following review helpful. Up there with How to Read Your Opponent's CardsBy MCLLoved it. Mike really tells it like it is to play in a tournament. He even describes his opponents and there idiosyncrasies. Well worth the read.0 of 0 people found the following review helpful. great!By CustomerBest bridge book I've read yet!12

of 16 people found the following review helpful. RELAX--ENJOYBy sweetmollyYes, you will learn a lot, but oh, so painlessly. Mike has a sly, dry sense of humor mixed with dispassionate common sense that emphasizes the need to size up your opponents. All the technical skill in the world will not save you if you misjudge who is sitting to your right and left. Mike has an enormous ability to get through to the reader what it takes to be effective. I recommend this book and the similar "Play Teams with Mike Lawrence" (my favorite) as an introduction to his more serious books. I own most of them, and through the years I would say every one of them has improved my game, some enormously. Some years ago I wrote to Mike about a hand that I was proud of the result, but my more traditional player/friends scorned my wizardly thinking. I held S-QJ10, H-XX-D-XX C-A10XXXX. Partner opened one heart. For various systemic reasons the bid 1NT was not available to me. I cleverly bid 1S; confusion reigned, and we received an excellent result--but my purist friends were horrified at my bid. Mike's response to my letter was "did you ever hear of the word 'pass'?" I loved it. To serious and non-serious bridge players, get this book. It's a treat!

A two-session matchpoint event at a regional tournament, How to gather information from the auction, play of the cards, the atmosphere at the table, when to go against the field.
