I don't have any problems playing this for piano or violin. The piano and violin scores are matched on top of each other, so you may have to get a separate violin or piano copy if two people are playing at the same time. 0 of 0 people found the following review helpful. 10 arias transcribed for intermediate violin piano. By David This comes in an attractive package. The typeface is easy to read and is cleanly printed on heavy paper. The CD has expressive playing. There is printed piano accompaniment, making this useful in intermediate student violin recitals. I'll play these in my programs at a local hospital. I intend to amend this review with remarks about the piano accompaniment from my accompanist. 0 of 0 people found the following review helpful. Don't buy this. By

stringsTerrible cd that comes with this. The accompaniment is just terrible. And that was the whole reason I bought it. Wish I had sent it back. The accompaniment is very cheesy sounding.
