I stumbled across them while browsing books-I love word searches so checked them out. They are sturdy, fit in a pocket or purse, the band keeps it closed, and it's a different form of word search! It makes you think - you read the category, it tells you how many

'word answers' you are looking for, you try to think of possible words that fit the category - and away you go The letters are not tiny print, so you can see them. The covers are so bright and pretty. I went to my niece's house one evening for Christmas; I have Parkinson's so never sure how I'll feel. I stuck this and a pencil and pen in my purse - just in case it was needed. I now own four!!!.0 of 0 people found the following review helpful.
