Purchased as a gift for someone who LOVES Jumbles!By cctygerI purchased this as a gift for my mother who absolutely loves working the daily Jumble puzzle in a local newspaper. She really liked this version because they added the extra "BrainBusters" part to the usual puzzles. It's a small size book,

hence the "pocket" in the name, but it fits perfectly into a purse to take along with you wherever you go. She uses it while she is waiting for appointments and such. Makes a great gift for someone who likes puzzles!0 of 0 people found the following review helpful. Well constructed book, but super easy JumblesBy Rum HamI was looking for a pocket sized Jumble book instead of the other megasized ones available. The book is well constructed with a rather feminine cover as you can see. However, the puzzles are extremely easy compared to the daily Jumble in the newspaper. A middle school student probably wouldn't have any trouble at all figuring out the Jumbles quickly. There is likely no challenge for the average Jumble enthusiast.0 of 0 people found the following review helpful. Almost too easyBy MirandaThere is a heading on each page that gives you a clue as to what all the jumbled words are...there are also pictures as clues. I had to fashion an index card that will cover each heading and all the pictures (I even blacked some of them out) so that I have to think in order to unscramble the words. Would be a good gift for a teenager. Probably wouldn't purchase it again simply because there are too many clues.
