I just get bored while waiting, but don't want to use my phone, that's why I bought this book.The cover has glitter on it, which made me worried at first, but they are sturdy and don't rub off so that makes me relieved! Nobody enjoys stray glitters...The content of this book is great! The problems are challenging but very doable! Also, it has the step-by-step answers in the back so if you are stuck, you can try to get a hint from there and finish the rest by yourself.0 of 0
