When you have completed the word search, leftover letters can be unscrambled to give an answer to the riddle in the title of the puzzle.Fine for what it is.Book is pretty and smallish, easy to carry but the puzzles are relatively small. May be difficult for older solvers.0 of 0 people found the following review helpful.

Great LITTLE bookBy YMI
This book is so small that I was disappointed when I first saw it, but it was for my 90 year old mother for Christmas, along with a huge jumble puzzle book and a picture puzzle book and this is the one we see her using most often. It's well made, is easily held in the palm of her hand and fits in her purse and she really enjoys using it. On the down side, the print is small, about the size of newsprint and the faint red color of the letters in the puzzle grid is a bit hard to see. But those factors don't seem to limit her use of this nice little book.
