First Time Buyer of Pocket Posh Puzzle Books and LOVE them!By DottieNJThis was the first time I ever purchased (or heard of) Pocket Posh puzzle books. I'm so happy with my purchase that I'm back on to buy a few more! I noticed that the "Posh" puzzle series have all the puzzle types I enjoy - Word Roundup, Jumble, Brainbusters, etc. I think they're great because they fit right in your pocket or purse and have

a hard front and back cover so you don't need to find something to lean on in order to do them. They have a band you can use to keep the book closed or hold the page you're working on... These books are perfect for when you're waiting in a doctor's office, the emergency room, the airport, or give/use as a get well soon gift, etc... anywhere you have to wait, they are perfect to pass the time! I'm going to order a few different books right now! You should buy at least one to try them and you'll see how great they are!

By David W. Nesbitt
My wife loves these so I try and keep a couple on hand as surprise 'gifts'. Once in a while I will place one in her car the night before with a very short note just because!
This particular one she really liked - she told me the puzzles were a little better and more interesting. And for the first time for her, she rated this one a 9.5 to 10.0!
This one is VERY HIGHLY RECOMMENDED!

By T K Martinez
Tough enough to make you think, but not as difficult as NYT Crossword. Perfect for winding down before sleep. Answer key in the back for when that last word is just on the tip of your brain. :)

A decidedly divine, sophisticated treatment jazzes up the cover of this Word Roundup puzzle book-making it completely irresistible to female puzzlers.*
The Puzzle Society introduces this Word Roundup book featuring mind-boggling puzzles and elegant cover treatment with foil, and flocking.*
The 4 x 6 trim size has rounded corners and an elastic band closure-enabling it to be conveniently tucked inside a purse or tote.
