NesbittMy wife loves these!She likes them as they help keep her brain active especially when she had dead time like waiting on an appointment, etc. They are relatively cheap and easy to keep in the car or her purse.I like them because I know she will like it when I gave it to her. I try and keep 2 or 3 to give to her as a small gift - usually for car in the morning, etc.She rated this one a really good 8.0 to 9.5 out of 10 - recommended!0 of 0 people found the following review helpful. These Pocket Posh Word Roundups are addictive. Not the same as regular word search because they do not give you the "words" but rather clues and then you have to find the words. Great fun for the family or to take along on a trip or even stash in your purse for longer waits at doctor office.
