2 of 2 people found the following review helpful. My wife loves these! By David W. Nesbitt I always try to include at least one of these for any gift I buy for her (Christmas, Mother's day, birthdays, etc). She tell me they're great when you have to wait for a MD apt, car apts, etc. She tells me they keep her mind sharp and avoids any boredom. Her only complaint is she feels they are a little too high in price. I don't agree - her point is you can only do them once and then you have to just throw them away. She says she might reread a book but you can't redo these. She rates them a 9.0 out

of 10 stars. Highly recommended!1 of 1 people found the following review helpful. others are easy and answers are in the back if you're stumpedBy NelleThe small Pocket Posh Roundup word puzzle books are ideal for carrying in my purse and come in handy when I have to wait at a doctor's office or the hair salon. They're small and get you thinking quickly. Some clues are difficult, others are easy and answers are in the back if you're stumped. More than looking at words in the traditional horizontal way, these puzzles get you looking at words vertically, diagonally, forwards and backwards. I started with the regular Roundup puzzles and graduated to the Challenge series.0 of 0 people found the following review helpful. Enjoyable.By JPLEnjoyable,
