By Amy Hyde
This book is not "easy" level. I bought it for my son who is starting to play Sudoku. I would call this medium level at best. There very first two puzzles, titled Easy 1 and Easy 2 were so hard he gave the book back to me. It took me about thirty minutes to complete them both, and I'm pretty good at solving most Sudoku puzzles. If you are looking for easy puzzles, don't buy this one.

I like to keep a pocket sized puzzle book in my car so when I have to wait for someone I have something to do. This is perfect.
