Grant When I purchased the book I saw that it said 200 puzzles... well only 100 puzzles are there to solve. The other 100 are the answers... so I was pretty disappointed. I was itching to do some sudoku so I didn't return it, but I will be looking more carefully from now on. So it's great that it gives the solutions, but bad wording as to lead a customer to think they were getting 200 puzzles to solve. The puzzle sizes are good, but it seems that there is wasted space. There is only one puzzle per page, and there is a generous amount of space around each puzzle. 0 of 0 people found the following review helpful. An Ideal Traveling Companion By Diana 808 The format of the book suits me perfectly... one nicely sized puzzle (3"X3") per page. The book is also small and light, the ideal traveling companion. 0 of 0 people found the following review helpful. It's okay By Kindle Customer Nice challenging. I don't like having puzzles above each. A little difficult to see double numbers. I wouldn't buy this again for that reason.

This book features the following: -100 puzzle grids -Medium and hard level puzzles, arranged in order of difficulty -A compact, convenient book binding for easy commuting -Simple instructions -All solutions Sit back, put your feet up, and get ready to relax with this great collection of Sudoku puzzles guaranteed to bring a little piece of joy to your daily life. So what are you waiting for? Grab yourself a copy! (Hint: This collection also makes a great gift to the Sudoku fanatic in your life!) Pssst...one more thing. Did you know the American Alzheimer's Association has endorsed Sudoku as a "brain game" that might help to reduce risk of dementia as we get older? That's what we call a "win win" in the business!
