Pika-pi!By IvannCool story )I'm not a Pokmon fan, but I really liked these books because they deliver a possibility to look at the whole story from the point of view of Pikachu )In the cartoon, Pikachu's character has not been discovered. There he was just an electrical fluff-ball.But in these books, we can look at the inner world of the main character. And these books are also written in a simple and easy to read manner.So I enjoyed reading these books)1 of 1 people found the following review helpful.
