Your money's going down the drain if you if you buy the book with a charmander, bulbasaur and a squirtle on the cover (I do not know what that book was called). Even though I'm a 21level player on Pokmon Go I still found this book helpful (The level upgrade gift chart was too good. It helped me a lot). These are some books which I recommend to you if you are a newbie to Pokmon go.-This book-The book with the picture of Zapdos on it written by Alen Penfold
