Elizabeth Hollinger, James Ratkos : Pokemon Master Pokedex: Prima's Official Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Pokemon Master Pokedex: Prima's Official Strategy Guide:

6 of 8 people found the following review helpful. Excellent guide (and a learning tool to boot!)By RachelComplete, easy-to-follow, well-organized. The two Prima Guides credited to Elizabeth Hollinger and James Ratkos, ("Pokemon Master Pokedex" and the "Pokemon Gold Silver" Strategy Guide), are in a separate class from the other Prima Guides, which are visually eye-catching, but less complete and harder to follow. (I have not yet seen Elizabeth Hollinger's "Crystal" Strategy Guide.) ****PARENTS****: The Prima Guides are EXCELLENT learning tools, teaching children how to use reference materials independently. When my son was younger, I would read the instructions to him as he went along. Now an avid reader, my 7-year-old flips back and forth between his Prima Guides, plotting strategy, discovering information, confirming what he suspects to be true. EXCELLENT!!!0 of 0 people found the following
