I find that she learns the ins and outs of these games a lot easier when she had them as well. This came packaged well, received in a timely manner and the price just can't be

beat. I will continue to shop at this business. Thank you! 1 of 1 people found the following review helpful. Guides you through all of the game - even the temples. By LilyIt met all my expectations. From the start to finish it helped me with 99,9% of helpful directions. Any Pokemon fan with this game will also benefit from this. If you're stuck, this will surely help - it's got photos for each part of the game. ;)

A complete Pokemon Browser will highlight each Pokemon's details! A full walkthrough of every Mission and Quest! Fully labeled maps to help you find everything in the game!
