Move over Shakespeare, Jason Rich is a story WEAVER who transfers you into the mind of Todd, Pokemon photographer. BREATHE the air in the cave in the chapter "Todd encounters more pokemon in the cave!" FEEL the terror as the Zero-One moves closer and closer to the lava as Todd remains

trapped inside the open canopied, autonomous vehicle. QUESTION what is real with Todd as he desperately photographs his hallucinations of a mythical Pokemon. QUIVER before Professor Oak's judging eyes, quietly pleading to your god that he does not send you back to the wild for more photographs. Incredible. Breathtaking. Your childhood experience, now in text. 4 of 5 people found the following review helpful. If you like Pokemon...By A Customer If you read his first Pokemon book - this one will keep you glued to the end.
