Inc. Pokemon USA : PokePark Wii: Pikachu's Adventure - Official Player's Guide: Prima Official Game Guide (Prima Official Game Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised PokePark Wii: Pikachu's Adventure - Official Player's Guide: Prima Official Game Guide (Prima Official Game Guides):

1 of 1 people found the following review helpful. Big things, Small packageBy J. WolfordMy wife and I wanted to get this for her brother who loves the game and is trying to befriend all the pokemon in it. We were surprised when it came in the mail and it looked so much smaller than a normal guide. Had we checked the product dimensions we

would have known that sooner, however we flipped through it and it looks like it has everything he'd need in a guide so it's not a problem.0 of 0 people found the following review helpful. Excellent guide. Very informativeBy
SpyralPlusOnline guides can be a pain with a lack of images to illustrate what they are talking about. And sometimes by the time you find a guide with the info you wanted you may as well just bought on in paper back! Probably would have saved you more time than it cost in money.I always like the Prima Guides because they clearly show you what you have to do. Granted sometimes they are not in depth enough. Still, I find them a bit more convenient and fun to use.Plus they are always pretty to look at. An excellent tool if you are short on time, and don't wanna spend 4 hours stuck in one spot, or want to quicken the time between the important parts of the game.0 of 0 people found the following review helpful. Polepark user guide bookBy Pene ObenourI enjoy the step by step instructions on how to play the game. Easy to follow and I have a ball with the game and guide book.
