By gorillazfan249 I picked up this book at a bookstore, and even though I didn't buy it, it looked really good. Now of course this is a good book only if you like Pokemon. This is the first Choose Your Adventures Pokemon book. You should browse through it first to see if you like it, but I say that it looks like a really good book.

The "Pokemon Choose Your Own Adventure" builds upon and references all the Pokemon lore and mythology that has come before it. The fictional adventure set in the Pokemon world includes and highlights characters from the Pokemon Gold and Silver Game Boy games. The games unveil many new characters, including Typhlosion, Lugia, Chikorita, Cyndaquil, and Totodile. This "branching fiction" book provides a guide. Branching fiction books invite the reader to determine how the plot develops by making a choice for the protagonist's next action at the end of every page.
