**From Brand: Prima Games : Pokmon Ranger: The Official Pokmon Strategy Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pokmon Ranger: The Official Pokmon Strategy Guide:

8 of 8 people found the following review helpful. PRIMA guides are GREAT and combine reading AND having fun at the SAME time!! By L. J. Schrader My 9 year old son has a number of the Prima Game Guides, including this one and loves to get them for all of his games. He has found that it makes the games more interesting as he finds "clues" to do new things that he was not aware of in the game (apparently there are secrets in most games that you just might never see unless you know the way to get to them). He also spots easy-to-understand help on screens that he was having difficulty with so that he does not get frustrated and stop playing the game. He and his friends all use the books, so I DEFINITELY recommend them for your favorite gamer. BONUS- They can spend quite a bit of time reading over them to get the most from their games, and reading, no matter what the source, is always a great thing. Though he

hates to read the directions that come with the games (he says they are not worth the time and do not have any helpful information anyway...and he is right) he ENJOYS reading these and sharing tips with his buddies.0 of 0 people found the following review helpful. Pokemon RangerBy Gloria MarroneI bought this book at the request of my granddaughter. She is obsessed with Pokemon. This is one of her favorite books. She consults it all the time. I even read it to understand the characters that she wants to play. If a child you know loves Pokemon this is a great book to buy.0 of 0 people found the following review helpful. Five StarsBy Rachel Stilsonbook was in great condition

Protect the Pokmon! A full walkthrough of all the missions. Complete information for catching all the Legendaries in the game! Detailed Pokmon Browser to give you the stats on the Pokmon you'll meet. Stylus techniques explained so you can catch 'em all!
