Typesetting clear and spacious, really helpful fingering suggestions (doesn't fit all but really gives a point of reference to all). There is more I can say but it will take forever to read through....JUST GET THIS EDITION. Worth every penny. I got mine through PB Shop and the delivery was in good time, and economical in price!!! So for those who need a few bucks shed from the retail price without compromising quality..... PB shop is one of many options. Just what I expected!! 4 of 4 people found the following review helpful. Paderewski - The Best Edition By David I nearly have every Paderewski edition of Chopin, and there's
