**From Alfred Publishing : Polonaises for the Piano (Complete)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Polonaises for the Piano (Complete):

0 of 0 people found the following review helpful. Terrific flat-laying edition. By blessed in all.... Beautiful score and I LOVE LOVE LOVE the comb binding! I'm just puzzled because there are some differences between this and the Paderewski edition. I wish there were a Polish National Edition (by Ekier) for the polonaises! It's hard to know which markings are more authoritative. I know Chopin had many different "authentic" versions of his pieces floating all over Europe during this lifetime because he made so many changes in different editions, himself. But a terrific edition and very user-friendly because of how it lies on the piano. 1 of 1 people found the following review helpful. Five Stars By Yi Yang good book, required by piano teacher 1 of 1 people found the following review helpful. Fabulous Publisher By

SeattleShopper72 Everything I have purchased from this publisher has been of superb quality. I only wish they would publish works of other classical composers as well. Right now, it seems they have a very limited set. Hoping that by receiving great feedback they will expand.

One of the most important national dances of Poland, the polonaise's majestic and ceremonial character allowed Chopin to express his own patriotism. This volume contains the 16 polonaises Chopin is known to have written, including six youthful works that were published posthumously. All are clearly engraved with footnoted commentary as needed. Pianists familiar with the famous "Military Polonaise" will want to explore the additional masterpieces in this collection. The comb binding creates a lay-flat book that is perfect for study and performance.
