**Helen Jane Long : Porcelain Piano Sheet Music** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Porcelain Piano Sheet Music:

30 of 30 people found the following review helpful. Easy sight reading for Gorgeous Music! By Amber FLYNN I heard some of the songs in here on Pandora and decided to purchase the sheet music. I absolutely love all of the songs/ They are easy to play, and really quite beautiful. The level of piano music here is beginning to intermediate but playing it makes you sound very advanced because the songs are so beautiful. So if you are a beginning pianist this book will inspire and motivate you to play more. There are 13 songs in here, and I can play more than half of them having had the book for about a month. 1 of 1 people found the following review helpful. wish songs were sold separately. By archaeoamy We only got the book for one of the songs, which was a little disappointing that we had to buy the whole

things and that they don't sell the sheet music separately, but my daughter loves that she can learn at least one of them. Two of the songs are intermediate level (with a lot of practice), the rest is pretty advanced. I would like to see her sheet music sold separately. 2 of 2 people found the following review helpful. I might not be as good a piano player as some of the other commentators. By Craig CI might not be as good a piano player as some of the other commentators, but I wouldn't call it "easy sight reading" at a "beginner to intermediate" level. I've played piano for many years and would rate it more as Intermediate...Advanced if playing at the right tempo. That said, the music itself is beautiful and sounds good even if played at a slower tempo. Some songs are easier and some are harder. I'm happy with the purchase and would recommend it to intermediate players and above.

14 Piano music scores from the album Porcelain by Helen Jane Long. Also includes bonus score 'Unseen'

About the Author You may not know her name, but you will have definitely heard her music on television and radio. Helen Jane Long is one of the most popular and successful artists and composers. She has written music for some of the world's most lucrative brands including British Airways, Mercedes and many more. Porcelain was nominated into the 2013 Classic FM Hall of Fame and can be heard on many other radio and television programmes worldwide.
