CD was worthless - too much added music overlaying the piano, lesson content poor.By FalconSoaringCD was worthless - too much added music overlaying the piano. Lots of wasted paper, little in the way of lessons. The John Thompson's series is much better.0 of 0 people found the following review helpful. The appealing repertoire with charming lyrics further reinforces and enhances the learning of new musical concepts introduced in the Lesson Book. Includes attractive music created by internationally acclaimed composers in a variety of styles, plus tips on how to perform more musically. Each piece on the CD was recorded at a performance tempo and a slower practice tempo.
