Dennis Alexander, Gayle Kowalchyk, E. L. Lancaster, Victoria McArthur, Martha Mier : Premier Piano Course Theory, Bk 1B before purchasing it in order to gage whether or not it would be worth my time, and all praised Premier Piano Course Theory, Bk 1B:

2 of 2 people found the following review helpful. Love the Premier Piano Course.By Voice-Piano-CoachI can't say enough about the Alfred's premier piano course as a teacher. They are a great improvement over the regular Alfred's series and certainly more interesting to the student. There is no substitute for putting in the hard work and practice but these books at least make it more interesting. I am heavy on theory in my lessons so specifically really like the theory

books as supplement. They coordinate with the lesson book pages which is great. 0 of 0 people found the following review helpful. Not happy By "eileen" I don't hate the book, in fact I almost exclusively use Premier Piano books with students. However, the last 1B Theory book I ordered at \$5.48, arrived with a good portion of the cover ripped off. I wondered why the price was so low. Nothing in the description indicated that I was ordering a damaged book. My student does not want it and now I have to find another book and either eat the cost of the torn book or go through the hassle of returning it. 0 of 0 people found the following review helpful. Five Stars By Eileen M. Dye I use these books all the . Tried and tested.

Correlated page-for-page with the Lesson Book, each new musical concept is reinforced through fun-filled writing, listening and playing exercises. With games and puzzles added to compositional and creative activities, students retain concepts more easily and learn more thoroughly.
