5 of 5 people found the following review helpful. The Best - Look No FurtherBy Diane AlgebraI've purchased 3 of these. Two I did myself and one was a gift. I'll be buying more.Carlton has the best paper quality. So good you can erase the entire book and use it twice!This book as thread binding and a sturdy cover.The puzzles are hard enough and only occasionally frustrating. Very little cheating necessary.#90 has 2 solutions and #96 was way too hard.0 of 0
