show "audio included" and there are no CDs. The web address given in the book does not work for the Primer level book. I understand if the Fabers want to change from the CD format, but it must be easy for parents and students to access, and perhaps the price for books without CDs should be reduced.0 of 0 people found the following review helpful. (Faber Piano Adventures). An exciting collection for the elementary pianist that offers performance pieces "with a challenge." As the title "Gold Star" suggests, these pieces are especially appropriate for recitals and other musical events. The long awaited addition to the Piano Adventures series contains songs and pieces like: Pterodactyls, Really Neat * Cartoon Stories * Squinchy-Pinchy Shoes * Roller Skate Ride * and more. Includes online access to Gold Star Performance audio for both listening and play-along.
