**From Faber Piano Adventures : Primer Level - Popular Repertoire Book: Piano Adventures** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Primer Level - Popular Repertoire Book: Piano Adventures:

1 of 1 people found the following review helpful. Didn't end up being used much By Amy I bought the series to teach my 7-year-old, piano. They ended up being a guide of what topic to introduce more than using them directly. This book, especially, wasn't used much. I find it better to use songs that my son already knows than what this book is mostly made of which is made up songs. The Lesson Book tells how each of the books fits together / when to use them, but this is not part of that. This is just an extra.  
0 of 0 people found the following review helpful. The Popular Repertoire book is a nice little break from the Lesson book By E. Glanville As a piano teacher, I'm a big fan of all the Piano Adventures books. The Popular Repertoire book is a nice little break from the Lesson book, but should not be used as the only learning tool.
