David Knight : Prince of Persia: The Forgotten Sands: Prima Official Strategy Guide before purchasing it in order to gage whether or not it would be worth my time, and all praised Prince of Persia: The Forgotten Sands: Prima Official Strategy Guide:

7 of 7 people found the following review helpful. Good but not necessary By Parka While this is a very useful guide, it's not a necessary purchase. Let me talk about the book first. The walkthrough is very detailed, clear and complete with lots of helpful screenshots. There are maps for all the 21 hidden Sacrophagus, statues which contain red, blue and yellow (experience) spheres. The tactics against enemies are pretty good too. There's also a handy list of all achievements, trophies and challenges you can uncover. Right at the back are 12 pages of beautiful concept art

illustrations, though printed on game-guide quality paper. Here are some reasons why the book is not necessary. Prince of Persia is not a complicated or difficult game. Whenever there's a puzzle to be solved, the in-game camera will point to the puzzle, ensuring you know where they are and where to go next. And because everything is guided, there's no need for area maps, which aren't included anyway. While battle strategies are nice, the enemies aren't brutally tough. They have predictable fighting styles which are easy to recognise. The only secret items in the game are probably the Sarcophagus. While it's good to have extra experience points just by breaking statues, they won't be terribly missed since they are not unique accessories that enhance attributes or anything. If you really want to collect them all, just keep an eye out for shiny dust in the air because that's what they emit. As for the list of trophies and challenges, I'm sure you can easily find them on the Internet. Yes, it's a very good guide, but it's just not necessary. It's there if you do need one though. 0 of 0 people found the following review helpful. Prince of Persia strategy guide book By marti lancaster This is a very good guide book, nicely illustrated and informative. And a very necessary part of the gaming experience! 0 of 0 people found the following review helpful. Is it worth the money? By Ivy Best guide to use for POP: TFG and it's worth the money and the hardache of finding the hidden items and fighting the bosses

Turn the SAND ARMY back into dust with EXPERT TAKEDOWN TACTICS for every ENEMY and BOSS. ALL SARCOPHAGUS LOCATIONS REVEALED with maps to make sure you find them all! Tips for earning all ACHIEVEMENTS and TROPHIES. Survive the Prince's latest adventure with a detailed step-by-step walkthrough. Never lose your way, with screens labeled to show exactly where the Prince needs to be.
