Frank Mantooth : Pro Chord Changes - Volume 2 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pro Chord Changes - Volume 2:

8 of 9 people found the following review helpful. Good Source for Standards' info By gt surber Review Prochord Changes Vol I and II by Frank Mantooth Prochord Changes Volumes I and II by Frank Mantooth are excellent sources for standard tunes, lyrics, chord and alternate chord changes. Each Volume contains 150 standards, giving us a good swath of the more commonly played tunes in the Great American Song Book. The books are very well formatted. The staves are large and clear. The note notation is large and clear. The chord notation is large and clear, with the standard chords in bold and alternate chords in lighter print. As far as I can tell, the chord selections are standard and not overly complicated. The entire book is single staffed. Every tune starts at the top of a page. Most tunes have two pages, a few tunes have three pages. This makes for easy reading. The tunes are positioned in each volume

alphabetically. The binding seems strong and the book lays flat. In the front of each volume is an index so one can quickly find a tune. Quite a few of the tunes have playing tips and harmonic analysis. A few tunes have historical annotations by Dr. David Baker. These volumes are outstanding work from an excellent pianist. 7 of 7 people found the following review helpful. Simply the best jazz chord substitutions. By Customer Frank Mantooth's chord changes are like no other, better than Dick Hyman's *All the Right Changes: The Best Chord Changes and Substitutions for 100 More Tunes Every Musician Should Know* or Champ Champagne's *Real Chord Changes for 54 Standards*. Not everyone will agree with all his chord changes, but chord substitutions are subjective. I myself like most of the modern jazz sound achieved by these changes. For me this is the best way to learn reharmonization when you can see the original in the same page as the changes. helps me follow the chord progressions and how he arrived at the changes. Too bad he's no longer around to do a volume 3.1 of 1 people found the following review helpful. Fulfilling and rewarding collections By Mark P. As someone who recently rekindled the joy of playing keyboards, I am grateful for the quality of this two volume set by Frank Mantooth. The song selections, and the chance to explore alternative chord choices have helped me learn, explore, and please my own ear. This makes the pleasure of playing songs that I love and am naturally drawn to both rewarding and fulfilling at the end of stressful work days.

(Lead Sheets: Melody line, lyrics and chord symbols). Every song is based on a basic chord structure upon which the melody relies for overall feeling and sound. Altered chords (variations of the original chords) make a song sound even more rich and professionally arranged. Frank Mantooth has written this series of books to give pianists the very best chord changes for some of the most beautiful songs ever written. Each song includes the melody line, chord symbols, and a second line of altered chords printed above the original chords. These valuable collections also include playing tips, music examples and harmonic analysis as well as historical annotations. Volume 2 features over 150 more songs, including: *After You've Gone* * *Ain't She Sweet* * *Bewitched* * *Blue Skies* * *Body and Soul* * *A Day in the Life of a Fool (Manha De Carnaval)* * *Easy Street* * *Fly Me to the Moon (In Other Words)* * *God Bless' the Child* * *Gone with the Wind* * *Here's That Rainy Day* * *Is You Is, or Is You Ain't (Ma' Baby)* * *It Don't Mean a Thing (If It Ain't Got That Swing)* * *The Lady Is a Tramp* * *Like Someone in Love* * *Lover, Come Back to Me* * *Lush Life* * *Meditation (Meditacao)* * *Misty* * *Mood Indigo* * *Moon River* * *A Night in Tunisia* * *Pennies from Heaven* * *Polka Dots and Moonbeams* * *Quiet Nights of Quiet Stars (Corcovado)* * *Satin Doll* * *So in Love* * *Stella by Starlight* * *The Thrill Is Gone* * *Try to Remember* * *Waltz for Debby* * *When You Wish upon a Star* * *Who's Sorry Now* * *You Oughta Be in Pictures* * *You'd Be So Nice to Come Home To* * *Young at Heart* * and more.
