Prokofiev, selected works By swisslar I lost a book which was purchased from the store (the book belonged to my friend) . I purchased 2 books: 1 for my friend and 1 for me. This book has only 50% of the material, the same book from the store had everything. Same picture, the same name. I spend money on 2 books and gave my friend \$20 dollars to purchase the REAL book from the store. Ended up with 2 bad books and out of \$20 dollars. So, it was a very bad purchase.

This distinguished edition from Dr. Murray Baylor includes works that Prokofiev composed for solo piano plus Prokofiev's own piano transcription of works he had written for the symphony orchestra or the stage. Within its 80 pages you will find the sprightly "Diabolic Suggestion," Op. 4, No. 4, the virtuoso "Toccata," Op. 11, "Prelude," Op. 12, No. 7 and "March" and "Scherzo" from "The Love for Three Oranges," Op. 33B.
