" Lynne Palmer hits the nail on the head with an astounding degree of accuracy." -- Ruby Dee, Actress "...from a broker's point of view, I find it exciting to analyze investments and investment objectives in terms of astrology." -- Gregg T. Anderson, Account Executive, E.F. Hutton "A book that will help everyone find the financial security that we all are in search of." -- Mickey Rooney "A fascinating and helpful book with a new outlook on current issues." -- Diane Von Furstenberg "For believers or skeptics, Lynne Palmer on astrology is engrossing reading." -- Gloria Vanderbilt "I met Lynne Palmer, whose predictions turned out to be accurate." -- Ruth Brown, Singer, actress "This Piscean has been hooked by Lynne Palmer's Prosperity Signs." -- Joan Bennett From the Publisher Most people are not aware that success lies on the wise handling of money and investing as well as positive thinking and action. PROSPERITY (formerly Prosperity Signs) deals with this. Many people have heard of "Short Selling" relative to the stock market, but do not know what this entails. PROSPERITY explains exactly how "Short Selling" is done as well as other forms of investments - how they work and exactly what they are. From the Author For 44 years I have been doing horoscopes on a one-to-one basis for people who are interested in finances. I have helped people become rich and successful through applying their zodiac sign's traits on the positive side - and showed them how they lost money when they used their zodiac sign's negative side. I have also studied and examined slot machine gambling and have tips and hints on how to play so you have a better chance of winning. Slot machines are computer-generated and, thus, the programmers have a system which can be analyzed by the layman if enough time is devoted to studying them. I have spent hours and hours watching people play and analyzed when a slot machine is going to take you down and out. After nine years of constant study (I live in Las Vegas), I have those machines down pat - this is given in one of the chapters of my book, "PROSPERITY." I have also dealt with people who are negative, and thus, losers in gambling and winding up behind the eight ball in their jobs. Those who are positive are the winners and successful people of life. Thus, I explain in "PROSPERITY" how to think positive to attract wealth and success. I want the world to attain PROSPERITY so that people can be happy and lead productive lives.
