0 of 0 people found the following review helpful. READ FIRST!!!!By Customer Save your money and go buy crossword and sudoku books for \$1 at a dollar store, this book was nothing what I expected it to be. Complete was of money and so misleading. My expectations were to be actual brain puzzles, but no.1 of 1 people found the following review helpful. Not a good buy in any stretch of the wordBy PARADIGM Not a good buy in any stretch of the word.

Avoid at any cost. Burn your money before you order this, so that you don't have the money to spend on this. 0 of 0 people found the following review helpful. Puzzles and trivia challenges' the only thing inside this book is crossword puzzles and Sudoku both of which I don't like. I was
By shirley renfro
On the cover of the book it states "Games, Puzzles and trivia challenges' the only thing inside this book is crossword puzzles and Sudoku both of which I don't like. I was expecting a lot more.. very disappointed!!!

A puzzle book benefits adults by stimulating the brain to remain active and healthy. Research proves that working on puzzles not only can help to improve memory skills in adults, they encourage more blood flow to the brain that can be helpful in slowing down the aging process. A puzzle book offers a wide variety of ways that an adult can sharpen their thinking, memory, reasoning, concentration, attention and non-verbal skills. Doing puzzles on a regular basis benefits brain health!
