**Johannes Brahms, Music Scores : Quintet and Quartets for Piano and Strings (Dover Chamber Music Scores)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Quintet and Quartets for Piano and Strings (Dover Chamber Music Scores):

3 of 3 people found the following review helpful. Poor Print Quality By Ryan Dahn Don't buy this edition unless Dover fixes the print quality. Currently the printing of the edition is visibly, albeit subtly pixelated, like they printed with the wrong resolution. I exchanged with and the second copy was identically pixelated. I will be calling Dover about this. 1 of 1 people found the following review helpful. Five Stars By 1234 This book is great. Nothing is pixelated. The other

buyer must have gotten a defective copy.0 of 0 people found the following review helpful. Great!By CustomerThis book came in amazing condition! I was very pleased.

By 1853 Brahms had emerged as a force in music and would afterward be acknowledged as the greatest master of the symphonic form of the last half of the century. In that generation of composers, only Dvok (for whom he had a special regard and to whom he gave invaluable aid) produced as much chamber music as the prolific Brahms. This prodigious outpouring, perhaps more than any other aspect of Brahms's oeuvre, provides a clear and uninterrupted view of his artistic development. Here reproduced in this handsome, inexpensive volume is a superb selection of chamber works masterful compositions by Brahms, written for violin, viola, cello, and piano. Reprinted from the reliable Breitkopf Hrtel edition, they include Quintet in F Minor, Op. 34; the Quartet in C Minor, Op. 25; and Quartet in A Major, Op. 26, distinguished by their variety of moods, gypsy coloring, and richness of ideas; and the Quartet in C Minor, Op. 60, with its somber and foreboding atmosphere. Standards of the repertoire, these four compositions are strongly dramatic, richly inventive, and filled with ingenious thematic transformations. Musicians, music lovers, and any admirer of Brahms will welcome their appearance in this convenient, affordable edition. Large, readable noteheads and ample margins for notations make this excellent volume an important addition to the library of every serious student of chamber music.

About the AuthorGerman-born composer Johannes Brahms (1833-97), an important figure of the Romantic era, spent most of his career at the forefront of the Viennese musical scene. A master of counterpoint, he wrote for piano, chamber ensembles, symphony orchestras, and voice.
