Robin Quivers : Quivers : A Life/Cassettes before purchasing it in order to gauge whether or not it would be worth my time, and all praised Quivers : A Life/Cassettes:

4 of 9 people found the following review helpful. One of the best biographies I have ever read By Julia N. Saienni Quivers is a book that will make you want to laugh, cry, scream, and smile all at once. The life of this beautiful woman is a true tale of personal conflict and how she dealt with them (or decided not to deal with). I do not want to put any specifics into this review so there are no spoilers. After reading this book I feel more in touch with myself as well as Robin. I feel as though I could walk right up to her and make good conversation because she is so candid in telling what has happened to her on her road to greatness. Robin, if you ever read this, DELAWARE loves you! 6 of 6 people found the following review helpful. Five Stars By Customer Love Robin and her life story. Couldn't put the book down. 0 of 0 people found the following review helpful. Great book by Robin Quivers By D. Lucas Great price on - Good book - I really didn't know a whole lot about Robin Quivers. She really opened up.

Millions of listeners know Robin Quivers as Howard Stern's sardonic sidekick. In her no-holds-barred autobiography, Robin reveals the facts of her abusive childhood, charting the emotional and material hardships of her early years and her uphill journey to radio stardom. 3 cassettes.

From Library Journal Some folks may be turned off by this tape because of Quivers's affiliation with The Howard Stern Show. If so, they'll miss the riveting story of a woman who survived in spite of abuse from both her parents,

periodic bouts of depression, and self-doubt. Though Quivers does cover her relationship with Stern, most of the audiobook is devoted to her life outside of radio. There is discussion of the loss of her first love, a foster child she helped her parents to raise and subsequently wanted to adopt; her experience with a cult-like program; her years as a nurse; and how she managed to avoid a life of prostitution. Quivers gives a somewhat emotionless reading, but her detachment tends to draw the listener in. This is a wonderful recording that should find a home in all libraries. Danna C. Bell-Russel, District of Columbia P.L. Copyright 1995 Reed Business Information, Inc. From the Publisher Robin Quivers, the outspoken co-host of Howard Stern's nationally syndicated radio and cable TV show (which attracts roughly 20 million listeners on radio alone) reveals for the first time the shocking facts of her abusive childhood while also providing us with a tantalizing peek at what life is really like behind the scenes at The Howard Stern Show. From AudioFile Robin Quivers a "shock-jock," is best known as co-host of Howard Stern's top-rated radio show. Quivers is both warmhearted and approachable as she exposes her most intimate secrets. Because of her radio talk-show experience, Quivers is a natural to narrate her memoirs. B.J.P. (c)AudioFile, Portland, Maine
