3 of 3 people found the following review helpful. Deceiving title / description. This is not an "arrangement" at all. By foolishThe title / description is deceiving. This is not an arrangement at all. It essentially merges notes from the 2 piano version by: 1) play the 1st piano notes if present; 2) if the 1st piano is not playing, play the 2nd piano notes to

fill the bars. You can do so directly from the 2-piano version without this so-called "arrangement".

(Ashley Publications). Includes an index profiling the 27 tempo variations as they are arranged in all three principal movements. Chord names included.
